FAQ:

Q1. Why the colors of hair extensions don't seem exactly as the pictures show or description says?

A: Different monitors have different displays. The same color number may have a little color difference. You could dye the hair if you need different color.

Q2. Can they be straightened, curled?

A: Yes, you could use hair straightener or hair curler to style the virgin hair. However, don't do it too frequently, or the heat will make the hair easily get dry and tangled.

Q3. Can I dye/color the hair?

A: Yes. The hair can be colored. As a general rule, it is easier to darken the hair than to lighten the hair. We recommend dyeing darker, since it is difficult for the original color to fade. Hair extension in competitive price.

Improper dyeing will ruin the hair. We highly recommend having your hairdresser dye the virgin hair. Colouring by yourself will take a risk of not coming out the shade you want. If you can't get to a salon, please always use good quality products and test a small sample first.
