#### Tips For Hair-Caring

These tips can help you make your human hair fabulous and lasting longer.

1. Prior to the installation of your hair extensions, for extra protections of your hair, we recommend you seal your wigs. It will eliminate shedding and add longevity to your investment.
2. To prevent tangling problem, do not use some sticky hair oil.
3. If you swim a lot, I recommend you wear a swim cap. Since human hair will be damaged by Chlorine water in the swimming pool.
4. It's necessary to co-wash the hair after coming back from club or party.

#### Daily Maintenance:

1. Use styling products minimally to avoid build up.
2. For Wavy & Curly hair use a spray bottle of water for natural look

3. For a "WET" looking, we suggest a leave in conditioner & water
4. AVOID ALCOHOL BASED PRODUCTS TO AVOID DRYING OUT YOUR INVESTMENT!
5. Dampen hair with a water bottle
6. Comb through (wide tooth comb) beginning at the ends and working your way up to your scalp.
7. Scrunch up hair gently to reform curls.
8. Let hair air-dry.
9. Style as desired.

Human hair will not tangle if you can care it well every day, and it will last for at least a year.
