#### The Way To Remove Tape In Hair:

1. Olive Oil breaks down tape residue, so it's easier to remove.

Apply olive oil to your hair, where the tape residue is stuck.

Coat your hair with the oil to loosen the sticky adhesive.

2. Warm the oil on your hair, by heating it with your hairdryer.

Hold the hairdryer 12inches away from your hair for 30seconds to heat the oil.

Allow the oil to remain on your hair for a few minutes.

3. Comb out tape residue with a fine-toothed comb.

Comb through your hair with a fine-toothed comb to remove the tape residue.

Wipe the remaining olive oil off your hair with a washcloth, so you can see how much tape residue is left.

Repeat Steps 2 and 3 until the adhesive is completely removed.

4. Shampoo your hair to remove the olive oil and the last of the tape residue.
