Hair Guide:

Hair Color

It's virgin hair which is one bundle cut from one donors' head and without any chemical process. The hair colors are not the same. It's during from #1b to #2.

If you have any special requirement about the hair, please freely let us knows.

We will select the hair for you and arrange the shipment.

Hair Length

All the hair we produce is true to length, even though the hair is a little bit longer than the actual length.

However, the hair texture like wavy and curly look like a little bit shorter. The correct way to measure the hair is after stretching.

Hair Weight

One bundle hair are collected from one donor's head. So the hair weight are not the same.

It's 5g more or less around 100g. If the hair you received it during this range, it's normal.

How to care my hair?

Keep the hair clean by washing once a week with warm or cool water. Do not wash hairs too often this will dry the hairs out.

Wash the hair immediately after swimming, spa, and excessive exercise. When dirt and sweat accumulate, hair will tangle.

Reduce the amount of stress on the hair and weft by making a couple of big braids when going to sleep, swimming or exercising (comb through the hair before making braids).

Never sleep on wet hair. Make sure your hair is completely dry before going to bed.

Make sure to brush the hair daily and always start from the ends and work your way up. For curly or kinky curly hair, do not use comb to brush the hair, instead, apply a leave-in conditioner as well as a curl activator so the hairs soft and moist and does not frizz and dry.
