Hair protection directions:

Wash your hair clean and dry it completely before applying the weave.

For manage ability, put each weft sparsely.

When washing, use gently running water, lightly rub hair and scalp.

To maintain curly hair or wet look, lightly apply gel mouses, or oil sheen,

Oil sheen is not recommended for bonded hair, oil may cause weave to slip out.

When combing, always comb bottom of hair first and work your way up to the root.

When removing, please always consult your professional beautician.

For curly hair, do not brush when it is dry.

Use large toothed comb or your fingers while hair is wet !
