#### Hair Guide

Here are some details which we strongly recommend you to take few minutes to read it.

##### 1. Hair Color

It's virgin hair which is one bundle cut from one donors' head and without any chemical process. The hair colors are not the same. It's during from #1b to #2.

If you have any special requirement about the hair, please freely let us knows.

We will select the hair for you and arrange the shipment.

##### 2. Hair Length

All the hair we produce is true to length, even though the hair is a little bit longer than the actual length.

However, the hair texture like wavy and curly look like a little bit shorter. The correct way to measure the hair is after stretching.

##### 3. Hair Weight

One bundle hair are collected from one donor's head. So the hair weight are not the same.

It's 5g more or less around 100g. If the hair you received it during this range, it's normal.

##### 4. Split Ends

The hair ends is far away from the hair root, it's lack of nutrition and easy to have the split ends issue.

What we do is select the good quality hair material in priority to make the weft and trimming the hair if there is few split ends inside before shipping.

But it's hard to avoid that there is few split ends inside when you get the hair.

The split ends will be improved after the hair conditioner treatment.

##### 5. White/Grey Hair

All of our weft are made by 100% HUMAN HAIR. There are some white/grey hair inside.

Our inspection will pick the white/grey hair out from the weft before shipment.

But all the work made by hand, it's difficult to avoid that there is NO white/grey hair inside.

Please pick out the white/grey hair, if there is few inside, thanks for your understanding.
