

12pin 7283-1114-30 Copper Alloy Yazaki Automotive Connectors

Our Product Introduction

for more products please visit us on ladyshairextensions.com

Basic Information

- Place of Origin: 00
- Brand Name: 2
- Certification: 3
- Minimum Order Quantity: 100
- Price: Price to be discussed
- Packaging Details: 付款方式
- Delivery Time: 供 能力
- Payment Terms: 期限
- Supply Ability: 常 包装

Product Specification

- Application: AUTOMOTIVE
- Material: Copper Alloy
- Feature: 12 Pins
- Part No.: 7283-1114-30
- Type: Female Connector
- Color: White
- Advantages: Waterproof
- Temperature Range: -40°C To 125°C
- Metal: Type Iron
- Thickness: 203*193*15cm
- Box Type: Self Erecting Boxes
- Radiation Power: 840~1300MW
- Metal Type: Iron
- Universal Type: Fit For 80% Model Cars' Injectors
- Indian Hair: Yes

Product Description

12pin 7283-1114-30 Copper Alloy Yazaki Automotive Connectors

parameter

Product Name	Auto Connector
Connector Style	Housing For Terminals
Pin	4 Pin
Sealed	NO
Connector System	Wire-To-Wire
Nominal Voltage Architecture (V)	12 (Reference Value)
Operating Voltage (VDC)	12 (Reference Value)
Size	Standard Size
Delivery Time	7 DAYS

Product number

Inventory	Brand	Part No.	Qty.

JM	Yazaki	7009-1868-02	4500
JM	Yazaki	7009-2190-02	3000

Advantage:

1. Rich selection of connector, more than 100 experienced mould processing staff
Equipment imported from Japan, Germany, Switzerland, Taiwan
2. Specializes in manufacturing connector more than 16 year as well as export
the relevant component more than 8 years
3. Have long and Rich cooperation experience with Samsung, whirlpool, Midea
4. Almost get all of the certification for connector ,such as UL,SGS, MSDS, CE,
ISO9001,ROHS,REACH, CQC,TUV, PAHS, PFOS, PFOA ect.
5. replace JST, Molex ,YEONHO ,Tyco ,AMP,KET,JWT,JMT, Cvilux, GTK ect.
and short delivery
6. competitive price
7. Monthly average turnover is 2million USD
8. ISO 9001:2008-certified factory equipped with automated assembly lines
9. Custom-made orders welcome here
10. Sample take up to 3 days,but can be finished with one day in urgent cases

product description

Yazaki engineers reliable solutions for every aspect of automotive power, data and display. We bring advanced technologies, innovative materials and robust processes to bear, delivering power and data products that meet the demands of today's feature-rich vehicles and stringent government regulations.

Whether we're designing an integrated system or an individual component, our end-to-end knowledge of vehicle electronics makes it possible for us to see and capitalize on opportunities for optimization, and to create greater efficiencies in weight, mass, cost and performance. We are driven to not only understand our customers' vision, but to clarify, refine and improve it at each stage of product development and delivery. From the power source to the driver, Yazaki solutions are helping to create a better driving experience for consumers around the world.
