#### RFQ

Q1 Why my hair extensions are getting tangled?

Your hair Extensions are getting tangled due to dryness. Make sure to wash your hair at least once a week, twice a week is better. To avoid tangling while you sleep, wrap hair up with a satin scarf or use a satin sleep cap or a satin pillow case to prevent friction.

Q2 How to tell human hair with synthetic hair?

Human hair has natural protein. It is easy to tell by burning and smell: human hair will be ash, which will go away after pinching. Human hair will smell foul. When burning, the human hair will show white smoke. While synthetic hair will be a sticky ball after burning and will show black

Q3 Will people be able to see if I am wearing hair extension?

The hair is undetectable when in place and will stay in place until you remove them. Nobody will know they are there unless you tell then.
