Tips for hair-caring:

These tips can help you keep peruvian hair looking fabulous and lasting longer.

1. Prior to the installation of your hair extensions, for extra protection of your weft, we recommend you seal your weft! It will eliminate shedding and add longevity to your investment.
2. To prevent tangling problem, do not use some sticky hair oil.
3. If you swim a lot, I recommend you wear a swim cap. Because the hair will be damaged by Chlorine water in the pool.
4. It's necessary to co-wash the hair after coming back from club or party.

Daily Maintenance:

1. Use styling products minimally to avoid build up.
2. For Wavy & Curly hair use a spray bottle of water for natural look.
3. For a "WET" look, we suggest a leave in conditioner & water.
4. AVOID ALCOHOL BASED PRODUCTS TO AVOID DRYING OUT YOUR INVESTMENT!
5. Dampen hair with a water bottle.
6. Comb through (wide tooth comb) beginning at the ends and working your way up to your scalp.
7. Scrunch up hair gently to reform curls.
8. Let hair air-dry.

9. Style as desired.

FAQ

1. What's MOQ for Ellawig Hair?

--Only one piece(no matter stock or custom hair replacement)

2. What's the production time for wig?

(1) For stock hair/wigs products, we send it within 2 days after payment.

(2) For Custom made order, Processing Time: about 7-30 days
(3) For sample order, 3-15 days depending on the type of product.
(e. g. for simple hair weaves 3-7 days, lace wigs within 15 days.)
The total delivery time = handling time/production time + shipping time

3. What's the warrenty for problemed wig?

--After receive wig within 3 months, if manufacturer defect, REWE Hair can repair or remake new hair replacement free of charge.

4. What's the difference between Swiss lace and French lace?

-- Both of French lace and Swiss lace are imported from Europe instead of South Korea. The effect is very natural. French lace is more durable than Swiss lace and the lace net is thicker. The life span is longer. Swiss lace is super fine Swiss lace. The effect is more natural than French lace. It is normally used in the front hairline area.

5. Our raw material

We are mainly focused on supplying various quality human hair products. We select quality human hair, remy human hair, virgin human hair or hair braid as raw material for our customers. We ensure all our human hair products are made of 100% human hair no mixed any synthetic fiber. We also make synthetic hair products by Kanekalon fiber or other quality brand fiber to meet customer's demand
