Q1. How to ensure that my order will get shipped after payment?

A: The payment you sent is with Alibaba and the fund will only get released to us after your order confirmed a delivery. Tracking numbers will also be offered for real time tracking.

Q2. How long does it last?

A: This hair can last for a very long time depending on how you maintain it. Treat it like your own hair and take very good care of it for it to last longer. If you take good care of the hair, it last for over one year.

Q3: Can they be straightened, curled ?

A:Yes you could use hair straightener or hair curler to style the virgin human hair . However, don't do it too frequently, or the heat will make the hair easily get dry and tangled.

Q4.Can I go swimming?

You may go in swimming pools and hot tubs. It is best to wash hair right after swimming. Avoid getting hair in salt water as the salt can take all the moisture out of the hair and it will lead to tangling of the hair. Never braid your hair and go in salt water. It is best to wear it down. Add a spray in conditioner after swimming.

Q5. What type of hair care products should I use?

A: Treat this hair just as if it was your own hair.

1. Use good quality shampoo and conditioning products.
2. Conditioning your hair is very important to keep it soft and manageable, so use leave in conditioners.
3. You could use gel or hair spray to keep the curls in place, but make sure to wash your hair and not leave in these products in for a long time.
4. Olive oil will be a good choice to keep the hair healthy.
