Account base material	oxford fabric

Waterproof

The flysheet has been manufactured with a high-quality polyester which has an insane Hydrostatic Head rating of 4000mm. You can rest assured no water will penetrate this material, as long as there are no rips and tears. The Protex 70 Denier material is also fire retardant, so you don't need to worry about sparks and embers lighting up your tent.

Patented

The Odyssey line has a patented tensioning system named the Vango TBS II, you will see this appear in many of their models and helps to improve the stability by using a tensioning band system to pull and hold the framework in place.

FAQ

1. What's included in products?

Blowers for ground inflatables or air pump for inflatable water games (with certificate of CE), storage bag, repair kits (included PVC materials, glue).

2. Do you ship by Sea, Ground or Air?

We do it all. It just depends on your delivery time, budget and which shipping option you would like to choose for yourself.

3. How long will it take to make any of these inflatables if they are not in stock?

The regular bounce houses usually take 5-10 days, and much larger items like water slides and inflatable obstacle courses can take anywhere from 10-15 days. Custom made orders take about 10-30 days, depending on the style, size and structure.

4. How about the package?

Yes, each step of production and finished products will be came out inspection by QC department before shipping.

5. What's the payment terms?

You can make it by T/T, Western Union, MoneyGram payments, Credit Card.
