#### Design Philosophy

The waterdrop shape highlights the whole chair, which gives people the senses of tenderness, peace, and fashion. Water is the source of life. The waterdrop shape carries on the power of life and brings an energetic look to a business or a home office, enables people to do their best in their work. The lumber enhances this beauty of the back with the high light painted white color. No matter at home or in business conference rooms or any offices, the chair can bring visual enjoyment as well as physical outstanding comfort.

#### advantage

High backrest with breathable mesh supporter, this mesh leather chair is setting a new standard in terms of design, freshness and health. Using mesh backrest to support leather backrest can ensure better elasticity and Ventilation. It is more comfortable and relaxed when leaning back and thus enables additional freedom – a great relief for your back. When you work at home, you will not feel the workload or burden on the seat compared to other leather chairs.

#### headrest

The headrest function classification can be divided into: fixed headrest, 1D headrest, 2D headrest, elastic headrest.

Fixed headrest: locks directly on the seat back without any adjustment

1D headrest: fixed with a headrest bracket, the headrest can be raised and lowered independently

2D headrest: The headrest has two functions: lift, rotation/angle change

Elastic headrest: The headrest has two functions: lifting, rotating/automatic rebound
