| foot pad       | adjustable          |
| Chair          | Folded              |

### Design concept

According to market research, office chairs are often smaller than what their users need. Keeping this in mind, we designed this chair with an elongated backrest and an enlarged cushion. Every purchase is an investment. You may be concerned with whether or not the product is ergonomically comfortable, how durable it is, and how much it costs.

### Advantages

The health benefits of the chairs without polywood using can better support work in the office and home. Prolonged sitting. We use special mesh for both backrest and seat. Our floating recline technology helps your body stay in motion throughout the day.

### About us

You can easily set this office chair up according to the installation guide. The assembly time of the swivel chair is about 15 to 20 mins. We guarantee our customers 100% satisfaction with our home office desk chair and provide one year warranty, 30 day money-back guarantee for our ergonomic desk chair. If you have any problems about this office chair assembly, missing or damaged accessories, please feel free to contact us, we will respond you within 24 hours and provide professional after-sales service. Therefore, no need to worry damage or assembly issues about our executive chair.
