Product description

Paramount Vango features include a fully sewn in groundsheet to prevent draughts and creepy crawlies from getting in as well as a covered front entrance to prevent puddles of rain emerging into the living area.

- Fully Sewn-in Groundsheet / adds to the comfort of your tent by providing a bug and draught free environment.

The groundsheet is attached to the flysheet with an external storm skirt to provide all round protection.

- The beams in a Vango AirBeam create a strong and rigid tent structure. Very easy and quick to pitch

Feature

Vango AirZone / High and low level ventilation panels combine to create a comfortable flow of air through the tent. Air circulation is essential for reducing condensation - Spacious ISO standard sized bedrooms (60cm per person)

- Low and high ventilation / Combine to create a comfortable flow of air through the tent, reducing condensation
