#### FAQ

##### 1. What's the difference between Vietnamese hair and Chinese/Indian hair?

Vietnamese hair is naturally straight and has a strong texture so we don't need to use too much chemicals to make it straight. That's why bone straight is our best-selling products ever.

**2. How can we guarantee quality?**

Always make a video call with customers to check the hair quality before shipping.  
We also welcome you to visit our factory to place an order directly.

**3. How long does it last?**

It can last up to 5 years, especially natural black-bone straight which is our strength & pride.

**4. Is your hair cuticle aligned and what is the origin of hair?**

Yes, all of our hair is hand-made and cuticle-aligned. Our hair is 100% Vietnamese human hair, no synthetic and no mixed. It is collected from Vietnamese rural girls, who always use natural ingredients to wash their hair instead of chemical shampoos.

**5. How about return/refund policy?**

We will take the hair back or issue a reasonable refund if the hair is damaged or faulted by our factory. Hair returned should be in its original state.
