Q1: How long does the hair last?

It depends on how you maintain it. Treat it like your own hair and take very good care of it, normally it can last longer than 1 year.

Q2: How to care the hair?

- 1.Fill a basin with cool or lukewarm water.
- 2.Add a dash of mild shampoo and swish gently.
- 3.Shake out do not brush when wet and drip dry.
- 4.Rinse thoroughly in cold water.
- 5.Brush into desired style after hair is completely dry.
- 6.Curls will snap back into position when hair is completely dry, do not expose to sun.

Q3: Why do hair extensions tangle?

Hair Extensions are getting tangled due to dryness. Make sure to wash and condition your hair at least once a week, twice a week is better.

To avoid tangling while you sleep, wrap hair up with a satin scarf or use a satin sleep cap or a satin pillow case to prevent friction.

Q4: Why the colors of hair extensions don't seem exactly the same as the pictures show or description says?

Due to difference of display screens, the same color number may have a little color difference.

Q5: Why there are White/Grey Hair?

All of our weft are made by 100% human hair. There are some white/grey hair inside.

Our inspection will pick the white/grey hair out from the weft before shipment.

But all the work made by hand, it's difficult to avoid that there is NO white/grey hair inside.

Please pick out if there is few white/grey hair inside, thanks for your understanding.

We will take the hair back or issue a reasonable refund if the hair is damaged or faulted by our factory. Hair returned should be in its original state.
