#### FAQ

Q1. Will it shedding and tangle?

A: Shedding: A few strands initial shedding of new hair is normal. We always suggest customer seal weft before installing and brushing it with wide-tooth comb. Excessive shedding will cause by weft cutting or dryness. Please always seal the ends if you cut weft for installation and keep it moisturized.

Tangle: Usually, our hair will not tangle because it is cuticle intact human hair. However, dryness, oil & dirt build-up, salt water or not combing out daily will lead to tangle and shedding. Please follow hair care instruction and use good shampoo & conditioner to wash hair twice a week.

Q2. Can I dye it to other color and make other style?

A: Yes, our hairs are 100% human hairs can be dyed, bleached and permed. However, frequently dyed and permed will do harm on hairs, even destroy hairs. Please do not do this frequently.
