

## antioxidant alloy Aluminum strip Frosted material For strip lamp

Our Product Introduction

for more products please visit us on ladyshairextensions.com

### Basic Information

- Place of Origin: 00
- Brand Name: 2
- Certification: 3
- Model Number: 0.15 mm- 2.0mm
- Minimum Order Quantity: 100
- Price: 1.5-3.3
- Packaging Details: 付款方式
- Delivery Time: 供 能力
- Payment Terms: 期限
- Supply Ability: 常 包装

### Product Specification

- Aluminum Channels: 1 Meter Long (3' 3/8")
- Covers: Clear Cover, 1 Meter Long (3' 3/8")
- Warranty: 6 Years
- Certificate: ISO9001:2008,SGS
- Standard: JIS G3141、 DIN1623、 EN10130
- Packing: Export Standard Packing Or According To Customers' Requirement
- Metal: Type Iron
- Thickness: 203\*193\*15cm
- Box Type: Self Erecting Boxes
- Radiation Power: 840~1300MW
- Metal Type: Iron
- Universal Type: Fit For 80% Model Cars' Injectors
- Indian Hair: Yes
- Size: 390x240x185cm

<b>Mounting Options</b>	See Diagrams
<b>Dimensions</b>	L: 3 3/8" (1 m), W: 3/4" (18.6 mm), H: 1/2" (12.5 mm)

#### Introduction

Flexfire LEDs Channel Kits are designed with you in mind to ensure that your strip light lives a long, healthy life. By acting as a heat sink and providing a barrier from dust and debris, aluminum channels can extend the life of your strip light while also making maintenance simple. The channels are sold in one meter pieces and can be mounted on practically any flat surface to give your project the finished look it deserves

#### About products

This channel is made from aluminum and creates a beam angle of 110 degrees. It is compatible with all of our strips, even our high output LED strip lights, but please note that our LED strip solderless connectors are too large to fit inside this channel. (Please see compatibility charts for more information.)

Covers are available in two different diffusion levels (Clear and Frosted), and are made of polycarbonate and are UV resistant. End caps and mounting clips are included with this product for ease of installation and additional ones can also be purchased separately.

#### matters needing attention

Covers are available in two different diffusion levels (Clear and Frosted), and are made of polycarbonate and are UV resistant. End caps and mounting clips are included with this product for ease of installation and additional ones can also be purchased separately.
