

PU Excavator Sealing Ring For Pneumatic Seal Piston/Rod Universal

Our Product Introduction

for more products please visit us on ladyshairextensions.com

Basic Information

- Place of Origin: 00
- Brand Name: 2
- Certification: 3
- Model Number: ISO90001
- Minimum Order Quantity: 100
- Price: Rs 30
- Packaging Details: 付款方式
- Delivery Time: 供 能力
- Payment Terms: 期限
- Supply Ability: 常 包装

Product Specification

- Colour: Brown
- Molding Style: Forging
- Performance: High Pressure
- Type: Shaft Seal
- Fuel Saver Type: Electronic
- Shape: O-Ring
- Metal: Type Iron
- Thickness: 203*193*15cm
- Box Type: Self Erecting Boxes
- Radiation Power: 840~1300MW
- Metal Type: Iron
- Universal Type: Fit For 80% Model Cars' Injectors
- Indian Hair: Yes
- Indian Hair: Yes
- Size: 390x240x185cm

Product Description

PU Excavator Sealing Ring For Pneumatic Seal Piston/Rod Universal

Basic Info.

Model NO.

SPGA

Feature

Wear-Resistant, Flame-Resistant, Tear-Resistant, Heat-Resistant, Cold-Resistant

Function

Water Seal, Rotary Seal, Fixed Seal, Dust Proof, Hole Seal, Shaft Seal, Oil Seal

Cross-Sectional Shape

as Per Drawing

Material

PTFE

More Material

FKM NBR

Transport Package

Carton

Specification

Standard or custom sizes

Trademark

Pinmo

Origin

China

HS Code

4016931000

Production Capacity

100000 PCS / Week

Product Description

We are reputed as established manufacturers and exporters of a huge array of Rubber O' Ring Kit that are offered in different standards of specifications. These are manufactured from the finest grades of raw materials and are accurate in dimensions. These are acclaimed highly for impeccable performance under demanding conditions and are sturdy in construction. Our valued clients can avail these in standard as well as bespoke specifications as per requirements at very reasonable prices.

Product features

Viton (Fluorocarbon) o-rings offer increased chemical resistance for harsher applications. Viton o-rings have a higher upper temperature range but do not perform well in extreme cold. Viton, also referred to as FKM, has been tested to function properly in temperatures up to 400 degrees for thousands of hours. Viton o-rings have similar oil and fuel resistance as Nitrile, making Viton a necessary secondary consideration for many use cases. Viton o-rings are ideal for equipment in agricultural applications such as pest control, lawn care, and more.

Product conception

Here at APG we've invested in state-of-the-art machinery to increase the efficiency of custom fabricated items and we've created various internal processes to ensure a constant stream of high quality O-Rings. We are recognized globally as an ISO9001:2015 registered company specializing in the manufacture and supply of orings and other quality sealing, coupling, and related products. We are focused on innovation within our field and are committed to a culture of customercentricity and employee development. We continue to honor our legacy dating back to 1943, but eagerly focus on our future and invite you to experience all that APG has to offer.
