

Dual Heads CNC Fiber Laser 1000w Metal Cutter For Iron Steel Copper

Our Product Introduction

for more products please visit us on ladyshairextensions.com

Basic Information

- Place of Origin: 00
- Brand Name: 2
- Certification: 3
- Model Number: CNC Fiber
- Minimum Order Quantity: 100
- Price: 2.45-6.56
- Packaging Details: 付款方式
- Delivery Time: 供 能力
- Payment Terms: 期限
- Supply Ability: 常 包装

Product Specification

- Feature: Automated Loading
- Products Handled: Sheet Metal And Tube
- Dimensions: 4030*2160*1790mm
- Transmission: Taiwan TBI Ball Screw Transmission
- Laser Head: Raytools
- Certification: Ce, ISO, GS, Sgs
- Metal: Type Iron
- Thickness: 203*193*15cm
- Thickness: 203*193*15cm
- Box Type: Self Erecting Boxes
- Box Type: Self Erecting Boxes
- Radiation Power: 840~1300MW
- Metal Type: Iron
- Universal Type: Fit For 80% Model Cars' Injectors
- Indian Hair: Yes

Product Description

Dual Heads CNC Fiber Laser 1000w Metal Cutter For Iron Steel Copper

Technical Parameters

Working area	1300*2500mm
Machine heads	Dual heads
Fiber laser power	1000W (option:1500W)
CO2 laser power	RECI W6 130-160W
Control system	Au3tech control system
Transmission	High precision Taiwan TBI ball screw
Guide rail	Taiwan HIWIN linear guide rail
Driving system	Taiwan Delta servo motor and driver
Electronic components	French Schneider electronic components
Max speed	20m/min
Power requirements	220V 1 PH, 50/60Hz
Graphic format supported	AI, BMP, DST, DXF, DXP, PLT
Packing size	4030*2160*1790mm
Packing weight	1450kg

WHY CHOOSE ACCURL ?

ACCURL is a famous manufacturer of metal sheet equipments in world market. Its Brand "Accurl" has been leading brand for many years in the field of international metal sheet equipments. Our group devote ourselves to product development, production and sales. Our main products are: CNC Press Brake, Shears, Hydraulic press, Laser Cutter and CNC rolling machine these sheet metal processing equipments. we are using advanced technology from German, Japan, and Italy. we can produce large Hydraulic Press and Press Brake more than 16000 ton & 16m. we are with professional R&D team, and we have World-class design and manufacturing capabilities.

Company Profile

Leapion Laser Company is becoming the Chinese TOP in the laser engraving, cutting and marking industry. We are innovators. We are problem solvers.

Leapion Laser Company is committed to designing and manufacturing the highest-quality laser cutting machines and cnc router machine.

Original concept of Leapion is to bring CO2 laser engraving systems to both commercial customers, small business owners and the home craftsman.

Over the years we developed larger, more powerful CO2 laser systems and fiber laser cutting and marking machine.

Applicable Industries

This dual heads laser cutting machine is widely used in manufacture billboard, advertising, signs, signage, metal letters, led letters, kitchen ware, advertising letters, sheet metal processing, metals components and parts, ironware, chassis, racks & cabinets processing, metal crafts, metal art ware, elevator panel cutting, hardware, auto parts, glasses frame, electronic parts, nameplates, advertisement, arts and crafts, leather, toys, garments, model, building upholstery, computerized embroidery and clipping, packaging and paper industry, etc..
