

6000W CNC Fiber Laser Cutting Machines Metal Laser Cutting Area

Our Product Introduction

for more products please visit us on ladyshairextensions.com

Basic Information

- Place of Origin: 00
- Brand Name: 2
- Certification: 3
- Model Number: CNC Fiber
- Minimum Order Quantity: 100
- Price: 2.45-6.56
- Packaging Details: 付款方式
- Delivery Time: 供 能力
- Payment Terms: 期限
- Supply Ability: 常 包装

Product Specification

- CNC Or Not: Yes
- Products Handled: Sheet Metal And Tube
- Feature: 3D
- Transmission: Taiwan TBI Ball Screw Transmission
- Laser Head: Raytools
- Certification: Ce, ISO, GS, Sgs
- Metal: Type Iron
- Thickness: 203*193*15cm
- Box Type: Self Erecting Boxes
- Radiation Power: 840~1300MW
- Metal Type: Iron
- Metal Type: Iron
- Universal Type: Fit For 80% Model Cars' Injectors
- Universal Type: Fit For 80% Model Cars' Injectors
- Indian Hair: Yes

Product Description

6000W CNC Fiber Laser Cutting Machines Metal Laser Cutting Area

Technical Parameters

| | |
|--------------------------|--|
| Working area | 1500*2600mm |
| Machine heads | Dual heads |
| Fiber laser power | 1000W (option:1500W) |
| CO2 laser power | RECI W6 130-160W |
| Control system | Au3tech control system |
| Transmission | High precision Taiwan TBI ball screw |
| Guide rail | Taiwan HIWIN linear guide rail |
| Driving system | Taiwan Delta servo motor and driver |
| Electronic components | French Schneider electronic components |
| Max speed | 20m/min |
| Power requirements | 220V 1 PH, 50/60Hz |
| Graphic format supported | AI, BMP, DST, DXF, DXP, PLT |
| Packing size | 4030*2160*1790mm |
| Packing weight | 1450kg |

Applicable Materials

The dual heads laser cutting machine is suitable for metal cutting and nonmetal cutting, like stainless steel sheet, mild steel plate, carbon steel sheet, alloy steel plate, spring steel sheet, iron plate, galvanized iron, galvanized sheet, aluminum plate, copper sheet, brass sheet, bronze plate, old plate, silver plate, titanium plate, metal sheet, metal plate, etc. metal materials, and organic glass, leather, cloth, acrylic, wood, mdf, pvc, plywood, maple leaf, double-color sheet, bamboo, plexiglas, paper, leather, marble, ceramics, etc. nonmetal materials.

Packing & Delivery

Leapion Laser Company is becoming the Chinese TOP in the laser engraving, cutting and marking industry. We are innovators. We are problem solvers.

Leapion Laser Company is committed to designing and manufacturing the highest-quality laser cutting machines and cnc router machine.

Original concept of Leapion is to bring CO2 laser engraving systems to both commercial customers, small business owners and the home craftsman.

Over the years we developed larger, more powerful CO2 laser systems and fiber laser cutting and marking machine.

Company Profile

Liaocheng Voiern Laser Technology Co., Ltd is a professional manufacturer specialized in the research, development, production, sale and technology service of CNC equipment. We are promoting high-tech and high quality products, such as engraving machines, laser machine blister machines, model machines, mold engraving machines and others. . Our products are widely applied in Advertising industry, building models, decorative design, electrical tools, woodworking industry, furniture industry and other industries. Due to our highly comprehensive, cost-effective and thoughtful service, we are highly praised by our users.
