

Anodizing CNC Metal Fiber Laser Cutting Machine High Speed Rail

Our Product Introduction

for more products please visit us on ladyshairextensions.com

Basic Information

- Place of Origin: 00
- Brand Name: 2
- Certification: 3
- Model Number: CNC Fiber
- Minimum Order Quantity: 100
- Price: 2.45-6.56
- Packaging Details: 付款方式
- Delivery Time: 供 能力
- Payment Terms: 期限
- Supply Ability: 常 包装

Product Specification

- CNC Or Not: Yes
- Products Handled: Sheet Metal And Tube
- Marketing Type: Ordinary Product
- Max Speed: 20m/min
- Guiderail Brand: HIWIN
- Graphic Format Supported: AI, BMP, DST, DXF, DXP, PLT
- Metal: Type Iron
- Thickness: 203*193*15cm
- Box Type: Self Erecting Boxes
- Box Type: Self Erecting Boxes
- Radiation Power: 840~1300MW
- Radiation Power: 840~1300MW
- Metal Type: Iron
- Metal Type: Iron
- Universal Type: Fit For 80% Model Cars' Injectors

Product Description

Anodizing CNC Metal Fiber Laser Cutting Machine High Speed Rail

Quick Details

Application:
 LASER CUTTING
 Applicable Material:
 Metal
 Condition:
 New
 Laser Type:
 Fiber Laser
 Cutting Area:
 1500mm*3000mm
 Cutting Speed:
 30m/min
 Graphic Format Supported:
 AI, PLT, DXF, BMP, Dst, Dwg, LAS, DXP
 CNC or Not:
 Yes
 Cooling Mode:
 Air Cooling
 Control Software:
 Cypcut
 Place of Origin:
 Anhui, China
 Brand Name:
 BLMA
 Laser Source Brand:
 RAYCUS
 Laser Head Brand:
 Raytools
 Servo Motor Brand:
 Yaskawa
 Guiderrail Brand:
 HIWIN
 Control System:
 Beckhoff

The competitive advantage of product line

AccTek Machines Were Designed And Developed From Extensive Knowledge. Their Main Products Are CNC Routers, Laser Cutting Machines, Laser Marking Machines, Laser Cleaning Machines And Laser Welding Machines. These Machinery Are Used In Many Industries, Stock And Customized Solution For Each Individual Needs Are Our Specialty. The Company Also Support OEM And ODM For Customers.

Packing & Delivery

Leapion Laser Company is becoming the Chinese TOP in the laser engraving, cutting and marking industry. We are innovators. We are problem solvers.

Leapion Laser Company is committed to designing and manufacturing the highest-quality laser cutting machines and cnc router machine.

Original concept of Leapion is to bring CO2 laser engraving systems to both commercial customers, small business owners and the home craftsman.

Over the years we developed larger, more powerful CO2 laser systems and fiber laser cutting and marking machine.

FAQ

1) I know little about laser machine, what's the laser power I should choose? It is easy to choose. Just tell us what's material do you want to cut with the machine, and the thickness of materials, then let us give you perfect solutions and suggestions.

2) When I got this machine, but I did not know how to use it. What should I do?

We will send video and English manual with the machine. If you still have some doubts, we can talk online with WhatsApp, Wechat etc.

3) If some problems happened during warranty period, what should I do?

We will supply free parts in machine warranty period after talking with our service team. We also supply free after-service forever, so any doubts, just us know, we will give you solutions as soon as possible.

4) What is the MOQ? MOQ for our products is 1 set machine. If you buy 3 sets one time, you will have the agent price, enjoy better price.

5) I am the first time to import the goods, how to do it?

We are experienced with many years, this work is not complex, we can help you.
