

Inverter Co2 Gas Shielded Arc Pulse Mma Igbt Welder Mag Mig

Our Product Introduction

for more products please visit us on ladyshairextensions.com

Basic Information

- Place of Origin: 00
- Brand Name: 2
- Certification: 3
- Model Number: MIG
- Minimum Order Quantity: 100
- Price: 3.5-16.9
- Packaging Details: 付款方式
- Delivery Time: 供 能力
- Payment Terms: 期限
- Supply Ability: 常 包装

Product Specification

- Load Power: 7.1KVA
- Brand Name: Coofix
- Model: NB-280YT
- Output Current: 20A-140A
- Condition: Perfect
- Inspection: Provided
- Metal: Type Iron
- Thickness: 203*193*15cm
- Box Type: Self Erecting Boxes
- Radiation Power: 840~1300MW
- Metal Type: Iron
- Universal Type: Fit For 80% Model Cars' Injectors
- Indian Hair: Yes
- Size: 390x240x185cm
- Hair Styles: Body Wave, Straight

Product Description

Inverter Co2 Gas Shielded Arc Pulse Mma Igbt Welder Mag Mig

Quick Details

Warranty:
 1year
 Packing:
 Carton Packing
 MOQ:
 100
 Brand:
 oem
 output voltage:
 127v/220v
 Name:
 welding machine
 Dimension (L x W x H):
 29cm*15cm*18.5cm
 Weight:
 2.85kg
 Rated Output Current:
 20-120v
 Phase:
 Single phase
 For Material Type:
 Steel, Copper Alloys
 Welding Process:
 TIG, Stick
 Model Number:
 MIG-120Q
 Brand Name:
 coofix
 Place of Origin:
 Zhejiang, China
 Customized support:
 OEM, ODM

Description

RETOP does business through an ever-increasing focus on customers' welding challenges and applications and, ultimately, their complete satisfaction. Our passion is to improve existing products and to develop new applications that benefit our customers and meet their constantly changing need. We offer customers the best welding products and we also offer them the flexibilities in product design and construction, coupled with superior services before and after sale. With our dedicated commitment to customer services, you will find that we are easy to contact, easy to work with and easy to get information from we are here to help you.

Features

Quality first and service best is the faith we keep all the time. As we look to the future, we will continue to make progress by implementing a philosophy that stresses quality and service in all of our operations, thus making our future even stronger. We own completely independent product design and development ability; first-class technology staff troop; excellent production facilities. And we follow rigorous testing standards which guarantees product quality. We do not pursue the best, but we always pursue the better. Your satisfaction is also our gratification. We believe that we can be your most trustful partner.

description

1. 220 volt input and 150 amp output, Duty Cycle : 80% at 150A and 100% at 130A
2. Accepts 2.2 pounds flux core and solid wires .030"-.040" (0.8/1.0 mm) to weld over .030" (0.8mm) Plate Thickness
3. Multi Use : MIG/Stick, Gas/Gasless /Lift TIG, All are available, Stick Welding (3.2mm Rod) 7018 1/8" very well, also 6013 and 7018 3/32
4. Great for DIY Users, Maintenance and Repair and Metal Fabrication. Energy conservation and environment Protection to compare with Transformer welders.
5. Synthetic digital current and voltage control, when change the current, adjust the voltage automatically. The panel operation is very simple.
