What is U-micco Fiber?

U-micco Fiber is a washable cushion material with excellent durability. The fibers in U-micco Fiber are arranged in a complex three-dimensional structure. One way to describe the appearance of the fibers is that they appear similar in structure to a block of instant noodles made from white plastic.

U-micco Fiber has many characteristics: air permeability, cushioning characteristics, water permeability, durability, safe, antibacterial properties and kind to the environment to name but a few. Mattresses and pillows made with U-micco Fiber are not prone to sweatiness and this makes it easy for you to move around and turn over in bed at night. U-micco Fiber bedding allows you to sleep as much as you want in comfort. European standards!
