While creating social and economic value, improve everyone's quality of life.
Achieve consensus with customers, reduce pollution, reduce public hazards, and leave a beautiful environment to the next generation.

FAQ

1. Are you a trading company or a manufacturer? We are a factory and trading company. We have our own R&D center, which is jointly developed with Dow Chemical in the United States. 2. Is the quality of your products guaranteed? We have many years of production experience. The existing manufacturing workshop covers an area of more than 40,000 square meters. We provide core materials and finished products for many well-known brands such as Wal-Mart in the United States, MONGZE in South Korea, and NISHIKA-WA Co., Ltd. in Japan. We export to many countries and region. The company has a complete and scientific quality management system. Fully meet the different needs of customers and create market differentiation. 3.Can you customize the product? Yes, all of our products can be customized, both ODM and OEM, and we also supply our own brand products to meet the needs of different customers. 4. Can you send me samples? Of course, the samples of the existing specifications can be sent to you immediately on the same day, you only need to pay for the samples and the courier fee. If it is a customized product that needs to be sent out after the factory is produced, the special request product has been successfully tested by our R&D center and produced after confirming that it meets your needs.
