## Product Description

### Swivel Tilt Mechanism Cable Control Office Revolving Chair Safe Comfort

#### Product Description:

1. **ERGONOMIC ADJUSTMENTS:** Let this comfortable office chair take care of your body while you work with an easy, adjustable recline and 2. pneumatic height adjustment. The centre-tilt mechanism rotates the seat from a point at the centre to comfortably recline.
2. **STABLE & DURABLE CHAIR:** Equipped with high-density leatherette back. The upgraded sponge is enough to support your weight, you won't sink into it. 5 smooth-rolling wheels with 360-degree without scratching the floor, ensuring a quieter movement.
3. **BASIC TROUBLE SHOOTING:** Confirm that the cylinder is squarely mounted into the tilt mechanism, if not, remove and re-assemble. Confirm that the mechanism is mounted onto the seat pan in the proper orientation, if not, remove and re-assemble.

#### Quick Details:

We believe in delivering the best quality products that's why our product goes from no. of quality testing procedures then finally delivered to the customers in order to maintain the best business relationship in future ahead for a long time. We have skilled team of worker for the production process which are very experienced in always bringing latest trend and awesome designs. There are 4 important points of the human body that require a good support while being seated for a long time - head, back, hips and arms. Our ergonomic office chair is designed exactly the way to take care of them all and, additionally, to provide your lower back with necessary extra lumbar support. The armrests, our chair is supplied with, are also completely adjustable and can readily adapt to the most restful position for your elbows.

#### Advantages:

Enjoy superior comfort and support all day long with this ergonomic home office mesh chair! Our high-back computer chair is ergonomically shaped with built-in adjustable lumbar support and height adjustable armrests. The wide seat's resilient foam padding supports up to 330 pounds. Its pneumatic piston adjusts in height between 18.1 and 22 inches. The tall back is made of high-density mesh stretched over a Y frame to offer welcoming support and breathable comfort. When you have time to rest, this desk chair reclines up to 135 degrees to find the perfect angle for reading or napping. The 5 sturdy yet nimble casters move the powerful steel frame smoothly and quietly, with 360 degrees of easy swivel. Enjoy better comfort, posture, and health with this wheeled executive chair. Whether working on spreadsheets or used as a premium gaming chair, our user-friendly design and superior quality ensure you'll enjoy it for years to come.
