Aadvantages:

As the industry developed, we joined hands with likeminded companies to make a stronger team and began more research for manufacturing of Pro lighting fixtures ranging from OEM, ODM to branding business.

Due to its futuristic vision, we mainly focus on LED lighting industry specifically Stage Fixtures; including Beam light, Moving Head Light, LED mini Beam, LED PAR Lights, Follow Spot Light etc..

Architectural fixtures including LED wall washer, Sky rose light, and so on

Stage Effect include Bubble machine, Smoke machine, Snow machine, Confetti Machine and stage, dance, studio, disco and TV halogen lamps.

With years of development, we have grown up as a main LED lighting designer and supplier in this potential new energy industry. We also insist to be guided by advanced research theories, management solutions and quality control system, with a goal growing as the leader in LED industry.

We are known for robust construction and reliability in this business segment. We are very strong in innovation and product development. Apart from this we have very well knitted supply chain management system to cater the demand in time across the globe.
