## Product Description

### LED 30 Watt Moving Head Party Light Indoor Recessed Aluminum

#### Product Description:

350W beam spot wash moving head light, is very bright intelligent, with super-fast speed and a sharp parallel beam that cuts through the air and across video with ease. It's very bright and super-fast with a sharp parallel beam that cuts through the air and across video with ease. It can project a static or rotating glass gobo to produce precision in-air and surface images with an even focal plane.

Add in either rotating, and prisms to create wide reaching effects across any set. Drop in the frost filter and use any of the 14 rich colours to create a smooth even wash. The 350W Moving Heads has an output far greater in size, quality and power than seems possible from its small, lightweight body – due to the efficient short arc 350W discharge lamp source. This new technology fixture even travels efficiently in a case of 4 and will cover all your needs – Beam, Wash – can be widely used for the larger stage, gymnasium, mobile stage, DJ, wedding, TV Studio, Theaters, opera house, auditorium, fashion show stage, vocal concerts etc.
