Product Description

LED Moving Head Light 180° Stage DJ 440W Lighting 7 Colors + White

Product Description:

With precision engineered optics and a color mixing system that takes your breath away, the MK2 sets a new standard in moving head LED spots. Powered by an industry-leading 440W LED engine, the fixture boasts a CMY+CTO color mixing system, two 6-position swivel slots and locking gobo wheels, a 7-position+white color wheel, variable frost and 3-sided prisms. All are projected through a zoom system from 13 degrees to 37 degrees. With the ability to control the Maverick MK2 Spot via DMX, Art-Net, sACN or WDMX, there is an option for each situation. As an added feature, this fixture can receive Art-Net input and send DMX, simplifying cable routing.
