Product Description

LED Moving Head Light 60W With Display With Voice Control For Wedding DJ Party Stage

Product Description:

ZQ-60 is a 60W LED light source that releases super bright brightness. Combine various patterns and colors to accentuate the atmosphere. This stage light offers RGBW color jumps, gradient colors, selected color lighting and excellent strobe effects. Increase the effect with electronic linear dimming. With the help of an electric fork, with the ability to pan (540° horizontal swing) and tilt (220° vertical swing), it can effectively illuminate large areas. Compactable & Portability make this mobile light easier to use, it can be easily attached to a DJ stand or anywhere you want with the flexible mounting bracket. These combinations will give you a different visual experience. Perfect for disco shows, wedding parties, home decor, stage light shows. (excluding remote control)
