

Fiber Laser Cutting Machine 1500*3000mm Cutting Area For Brass Copper

Our Product Introduction

for more products please visit us on ladyshairextensions.com

Basic Information

- Place of Origin: 00
- Brand Name: 2
- Certification: 3
- Minimum Order Quantity: 100
- Packaging Details: 付款方式
- Delivery Time: 供 能力
- Payment Terms: 期限
- Supply Ability: 常 包装

Product Specification

- Color: Required
- Maximum: 1.0G
- Power Supply: 380V/50HZ
- Type: Fiber Laser Cutting
- Feature: Water-cooled
- Liner Guider System: PMI Made In Taiwan
- Electrical Components: Schneider Made In France
- Bed Frame: High Temperature Quenching Stress Relief(Standard Bed)
- Metal: Type Iron
- Thickness: 203*193*15cm
- Box Type: Self Erecting Boxes
- Radiation Power: 840~1300MW
- Metal Type: Iron
- Universal Type: Fit For 80% Model Cars' Injectors

Product Description

Fiber Laser Cutting Machine 1500*3000mm Cutting Area For Brass Copper

product features:

1. Simple operating system, to realize rapid cutting on the shape what you want on the metal material, like Steel, Iron, Aluminum Plate, Carbon steel, Stainless steel, Cooper, and galvanized sheet .
- 2.Independent control cabinet
 - 1) Dust proof: all electrical components and laser sources are built in an independent control cabinet to prevent dust pollution.
 - 2) Automatic thermostat: equipped with an automatic constant temperature air conditioner, which can prevent the damage to the components due to the high temperature.
3. Aviation aluminum alloy beam to ensure the running speed is up to 150m/min.
4. World-class components like guide rails and racks to guarantee the cutting accuracy.
5. The strong iron flatbed to keep the machine for 20 years without distortion.
6. When considering sheet metal laser cutting prices, laser cutting has a higher quality cutting edge, it saves money and time cost if we count all cost all.

product details:

| Model | DXTECH-1530F | DXTECH-2040F | DXTECH-2560F |
|------------------------|--------------|--------------|--------------|
| Working area | 1515*3030mm | 2020*4040mm | 2525*6050mm |
| Positioning accuracy | ±0.03mm | ±0.03mm | ±0.03mm |
| Repositioning accuracy | ±0.02mm | ±0.02mm | ±0.02mm |
| Max. acceleration | 1.5G | 1.5G | 1.5G |
| Laser power | 1kW – 4kW | 1kW – 4kW | 1kW – 4kW |
| Max. running speed | 140m/min | 140m/min | 140m/min |
| Focusing method | Auto/manual | Auto/manual | Auto/manual |

packing and shipping

1. Timely delivery. Each machine is arranged with precise assembly steps without any delay.
2. After-sales services and Guarantee. We offer 2 years warranty, during the period, any problem happen, we are responsible to solve. And if any part of the machine was broken, which happens rarely, we would send you a new one by DHL, and all cost is all on us.

our services

1. We will provide the consumable parts at an agency price.
2. 24 hours online service, free technical support.
3. Machine has been adjusted before delivery, operation disk is included in the delivery. If there is any other questions, please kindly tell me.
4. We have manual instruction and CD (Guiding Videos) for software Installation, operation and machine's using and maintenance.
