

17" Resistive Touch Screen Panel Direct OEM Factory Small MOQ Customized

Our Product Introduction

Basic Information

- Place of Origin: 00
- Brand Name: 2
- Certification: 3
- Minimum Order Quantity: 290
- Packaging Details: 付款方式
- Delivery Time: 供 能力
- Payment Terms: 期限
- Supply Ability: 常 包装

Product Specification

- Warranty(Year): 2-Year
- Color: Multi
- Products Status: New
- Package: Yes
- Aspect Ratio: 4:3/16:9
- Touch Screen: Resistive Single-touch
- Metal: Type Iron
- Thickness: 203*193*15cm
- Box Type: Self Erecting Boxes
- Radiation Power: 840~1300MW
- Metal Type: Iron
- Universal Type: Fit For 80% Model Cars' Injectors
- Universal Type: Fit For 80% Model Cars' Injectors
- Indian Hair: Yes
- Size: 390x240x185cm

Product Description

17" Resistive Touch Screen Panel Direct OEM Factory Small MOQ Customized

Product description:

High resolution can display the picture in high definition ,nice outdoor performance under the sun ,full color - vivid picture.
 Select suppliers strictly,production visualization ,control every production stage carefully,carry out quality inspection seriously.
 Buyers first, provide customers with the best after-sales service.
 We can customize based on customer requirements.
 For example, we can customize backlight outline dimension and brightness, FPC pinout and interface, RTP(resistive touch panel) or CTP(capacitive touch panel).
 We can also customize the glass panel and driver IC, but the tooling charge and MOQ are very high, we suggest to use standard ones, thanks.

Specification:

Product	Resistive Touch Screen
Dimensions	From 2" to 40"
Thickness	0.75mm or customize
ITO Glass Thickness	0.55mm,0.7mm or 1.1mm
ITO Film	0.188mm
Structure	IOT Glass + ITO Film(G+F)
Connector	Flexible Printed Circuit(FPC)
Loop Resistance	50~300Ω
Resolution	Unlimited
Linearity	≤1.5%
Insulation Resistance	≥10MΩ, @25V (DC)
Vcc	5V (DC), 1mA
Chattering Time	≤15ms
Active Time	<20ms
Operation Way	Pressure(Pen or Finger)
Operation Pressure	60g~150g
Surface Hardness	3H
Transparency	>80%
Operation Temp	-20~70°C
Storage Temp	-30~80°C
Resistive Lifetime for Single Point	> 1,000,000 time+B8:B21s

Product features:

1. The whole machine adopts the original LG, and the details of the direct-down luminous picture are more delicate and realistic;
2. matrix layout lamp beads, high-transmittance DLED lens, backlight is more in line with visual perception;
3. Integral backplane heat dissipation, large heat dissipation area and space, low surface temperature of the shell;
4. Tempered glass screen printing black edge 21.3MM;
5. ultra-thin front frame, the thinnest place is only 16.5MM;
6. Front frame aviation grade aluminum, sandblasting + drawing treatment;
7. The suspension design of the front frame highlights the brushed surface and overflows the visual beauty;

FAQ:

1. Where can I get the datasheet, initialization code and other technical files?
 Chat with the Sale Manager or send me a email (wisnon@szchuotai.com), we will reply you as soon as possible.
- 2.How to delivery the sample or goods?
 Our support FOB or CIF delivery term.
 UPS, DHL, FedEx, TNT or other three-part forwarder are also will be welcome.
3. Can we customize the FPC, interface, screen touch cover graphic or even the brightness of the LCM?
 Yes, it is the advantage of our factory with the whole production line.
 Just send me you CAD or PCB project file or describe what you need.
 Our engineer will support you well.
4. How to pay?
 Small order or sample order (Below USD2000), we accept the T/T, Western Union, MeneyGram, Alipay and need to be paid in advance.
 If big order (exceed USD2000), we need to pay 40% deposit and the balance need to be paid before shipment.
- 5.How you guarantee your products' quality? What's warranty policy?
 We all the raw material are come from original factory and all A grade quality.
 We welcome customer & three-part inspection during production or finished products before shipment.
 Generally, the warranty is one year.
 Longer requirement needs to be negotiated with our sale manager.
- 6.What's the MOQ for customized product?
 Capacitive or resistive touch screen/panel or cover, no MOQ limited.
 If LCM (LCD + Touch Screen), we accept 300 to 500pcs/design.
7. What's your policy for the defective & damaged products?
 We will retrieve some of the problem products to analyse the problem.
 If it is our design, components or raw material problem, we will provide the perfect products and shipping free.
