

OEM X-Ray-Machine-Price Inspection Industrial X Ray Metal X ray Machine For Food

Our Product Introduction

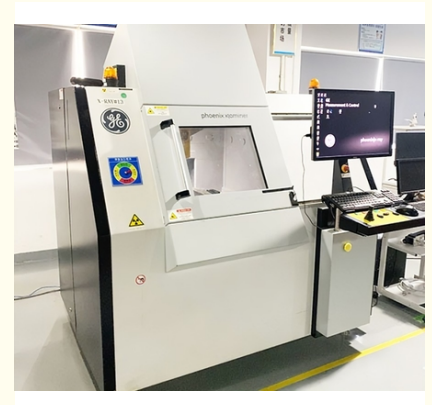

Basic Information

- Place of Origin: 00
- Brand Name: 2
- Certification: 3
- Minimum Order Quantity: 100
- Packaging Details:
- Delivery Time:
- Payment Terms:
- Supply Ability:

Product Specification

- Model Number: FXR-2417K100
- Product Name: Food Inspection X Ray
- Window Of Inspection Tunnel: 240mm W X 170mm H
- Screen: 17 Inches Full Color Touch Screen
- X-Ray Emission: <1μSv Per Hour
- Brand Name: Easyweigh
- Power: Electronic, AC220V ±10% 50/60Hz, 1.5kVA Max
- X-Ray Tube: 150W 100kV
- Metal: Type Iron
- Thickness: 203*193*15cm
- Box Type: Self Erecting Boxes
- Radiation Power: 840~1300MW
- Metal Type: Iron
- Universal Type: 5th Fax 800/ Model Core/ Intertone

Product Description

OEM X-Ray-Machine-Price Inspection Industrial X Ray Metal X Ray Machine For Food

Product description:

Single beam X-ray inspection system This product is specifically for vertical packaging testing. To side illumination, the penetration area is large. The first design to separate the light source from the appliances We are the first industry creative that separates light sources and electrical appliances. So the powerful air conditioning system and independent air supply system can be applied to various harsh environments. We are the first company in the industry to develop and adopt remote operation functions. It can remote assist to solve problems and improve working efficiency.

Product Parameters:

Item	Technical Data	
	AC Power	AC 220V+/-10%, 50Hz
Output	Tube current	5mA
	High voltage transfer input voltage fluctuation	+/- 1%
X Ray Generator	Cooling method	Force air cooling
	Insulated method	SF6 gas insulation
	Soft working pressure (20°C)	0.35~0.45Mpa
Working Condition	Temperature	-30-40°C
	Relative Humidity	<85%
	Altitude	1000m
Max Penetration Condition	Steel	A3(mm)
	Optic density	D≥2.0
The controller	Size	
	Weight	
	Timing error	5min +/- 10%
Working Rate	Working & rest 2:1 working rate, the max exposure time 9.5min	

Stable and reliable:

The product development and production process are strictly controlled in accordance with the ISO9001 quality management system. Through strict high and low temperature tests, electrostatic interference tests, damp heat tests and vibration tests, the products are guaranteed to run continuously for more than 10,000 hours without failure.

Additional Advantages:

- Intuitive operation interface
- Easy cleaning and maintenance
- High configuration and stability
- IP66 waterproof level
- More than 250 products are preset
- Customized according to your needs

FAQ:

Q1.What is your payment method? A: T/T,Western Union,Money Gram,PayPal and Alibaba Trade Assurance Service.

Q2.What are your terms of delivery?

A:DHL, FEDEX, TNT, UPS, ARAMEX, EMS.

Q3.How about your delivery time?

A: Generally it is about one week if the goods are in stock. Or it is 15-30 days if the goods are not in stock but according to the order quantity.

Q4.Does your product have a warranty period?

A:We give 1 year warranty, but wearing parts like drill bit and screwdriver are excluded.
