

X Ray Inspection Machine For Electronics IC SMT PCBA PCB QFN For Quality Control

Our Product Introduction

Basic Information

- Place of Origin: 00
- Brand Name: 2
- Certification: 3
- Minimum Order Quantity: 290
- Packaging Details: 付款方式
- Delivery Time: 供 能力
- Payment Terms: 期限
- Supply Ability: 常 包装

Product Specification

- Name: X Ray Inspection Machine For Electronics Components
- Customized Support: OEM, ODM,
- Weight (KG): 750
- Voltage: AC220V
- Material: 304 Stainless Steel
- Warranty Of Core Components: 1 Year
- Function: Defects Inspect
- Version: C13
- Metal: Type Iron
- Thickness: 203*193*15cm
- Box Type: Self Erecting Boxes
- Radiation Power: 840~1300MW
- Metal Type: Iron
- Universal Type: Fit For 99% Model Component

Product Description

X Ray Inspection Machine For Electronics IC SMT PCBA PCB QFN For Quality Control

Product description:

X5600 is a small microfocus X ray inspection equipment, which uses a high performance and cost-effective close tube machine that combines HAMAMATSU X ray tube & flat panel detector. Suitable for R&D enterprise laboratories, offices, quality inspection rooms etc. It's the 1st choice for small X ray inspection equipment for small, medium precision devices.

Specifications:

No	Item	Data
1	Model	X5600
2	Micro Focus	15μm
3	X ray leakage	<1μSv/h
4	Stage size	280*320mm
5	Maximum sample	5Kg
6	Dimensions	850*1000*1700mm
7	Net weight	750KG
8	Input Power	220V 10A

Features:

HIGH DEFINITION INSPECTION IMAGE

90KV 15μm closed X ray tube

4 Axis linkage system, color image navigation

Detection of chips, BGA/CSP, QFN, SMT etc

Oblique multi angle inspection

automatic programming detection & judgement

Advantages:

1. We produce machine as per user specific requirements like detection tunnel size, even special size.
2. Same detection sensitivity like Europe brand, price 1/4 ~ 1/3 of Europe brand
3. Competitive after service price, spare parts charge at cost price
4. Overseas technician service and support no need to charge labor cost
5. Fast response for inquiry and support , online for 24 hours a day and 7 days a week
6. Big production capacity, 100 units production available per month.

FAQ:

Q1: Can I have an online meeting to know more about your machine?

A1: You are welcome to have meeting with us, we would like to introduce our factory and machine for details
