

180KV Industrial X-Ray Tube X Ray Machine For Welding Inspection RD1805T

Our Product Introduction

for more products please visit us on ladyshairextensions.com

Basic Information

- Place of Origin: 00
- Brand Name: 2
- Certification: 3
- Minimum Order Quantity: 100
- Packaging Details:
- Delivery Time:
- Payment Terms:
- Supply Ability:

Product Specification

- Name: X Ray Inspection Machine For Electronics Components
- Customized Support: OEM, ODM,
- Power: 180KV
- Power Supply: 220V/110V/380V
- Detection Type: Radiographic
- Application: Gas&Oil Field, Construction&building
- Metal: Type Iron
- Thickness: 203*193*15cm
- Box Type: Self Erecting Boxes
- Radiation Power: 840~1300MW
- Metal Type: Iron
- Universal Type: Fit For 80% Model Cars' Injectors
- Indian Hair: Yes
- Size: 390x240x185cm

Product Description

180KV Industrial X-Ray Tube X Ray Machine For Welding Inspection RD1805T

Product description:

X ray flaw detector, belongs to one of five methods of NDT detection widely used for metal and metal wares security, quality inspection. RD-1805T, it is a model of directional X ray flaw detector, can widely application for gas&oil pipelines, power engineering, shipping building etc.. All-in-one easily operation controller
Portable,smart controller.
4 buttons, easy and convenient to operate.

Specifications:

Model	RD-1805T	X ray tube Voltage	80-180KV
X ray tube current	5mA	Generator Weight	8.9kg
Generator Size	Dia116*448mm	Controller Weight	4.8kg
Controller Size	280*118*180mm	Focal Size	0.9*0.9mm
Beam Angle	40+5°	Maxium Penetration	32mm A3 steel

Widel fileds application:

The relative NDT equipment including X ray flaw detectors can widely used for railway, power engineering, aviation, shipping building, building & constructions etc.. for any fields need the metal parts & apprauts.

Advantages:

1. We produce machine as per user specific requirements like detection tunnel size, even special size.
2. Same detection sensitivity like Europe brand, price 1/4 ~ 1/3 of Europe brand
3. Competitive after service price, spare parts charge at cost price
4. Overseas technician service and support no need to charge labor cost

FAQ:

Q: Are you a factory or trading company ?

A: We are a factory since 1993 and we focus on developing and reseaching of NDT equipment.

Q: How can we sure the quality of the NDT machines bought from you ?

A: The machines we offer produced comply with CE,ISO quality managment system and our factory verified by third parties. Also we could offer some helpful datas & files that we are the strategy partner of some world name brand orgnizations.
