Tips for customers:

T1: How to tell human hair with synthetic hair?

Human hair has natural protein .It is easy to tell by burning and smell :

When burning, human hair will show white smoke and be ash ,which will go away after pinching.

By the way, human hair will smell foul.

While synthetic hair will be a sticky ball after burning and will show black smoke.

Human hair may have very few gray hair and split ends. It is normal and not a quality problem

T2: How to care the hair?

Please do use the cold or the warm water instead of the hot water to clean the Remy hair .

Add a dash of good quality shampoo and swish gently .

Shake out do not brush when wet and drip dry.

Rinse thoroughly in cold water.

Brush into desired style after hair extension is completely dry.

Curls will snap back into position when hair is completely dry
