#### How to care the lace wig?

A: Keep the hair clean. We suggest that you wash the hair at least once or twice every 2 weeks with warm or cold water. Please wash the hair immediately after swimming, spa, exercise, and etc. When dirt and sweat accumulate, hair tangles. Too much leave-in conditioners and other hair care products will create a build up on the hair and will cause it to tangle faster. If the hair feels dry or heavy with build up, wash it with good shampoo & conditioner. It would be advisable NOT TO TINT, COLOR, PERM OR DO ANY EXTRA CHEMICAL PROCESSES because it has already been treated. Please be extra careful with blonde and other light colored hair.

#### Q2: What is a lace wig?

A: Lace wig is a kind of wig with a mesh-shaped lace on the cap and all the hairs are hand-tied individually. In order to make the lace more comfortable, you can trim the lace to match your skin.

The wigs shall be used with special adhesives or tape, and therefore, the hairline seems to be natural on sight and touch. Lace wig looks like your own growing hair, and is used on celebrities, musicians and models. Even pop stars like Beyoncé, Tyra Banks, Jessica Simpson and Jennifer Lopez are all wearing lace wigs. With a lace wig, you can change your hair style everyday as you like and do not worry about the damage of your own real hair.

**Q3: What is the difference between lace front wig and full lace wig?**

A: Lace front wig has lace on the front perimeter, and does not extend around to the back of the wig. Thus the lace front wig cannot be worn in a high ponytail that expose the back, or parted at the back where the scalp would be visible.  
Full lace wig has lace throughout and can be worn in a high ponytail, and parted at the back, which will show a natural scalp appearance.
