RFQ

Q1 Will people be able to see if I am wearing hair extension?

The hair is undetectable when in place and will stay in place until you remove them. Nobody will know they are there unless you tell them.

Q2 What type of hair care products should I use?

Treat this hair just as if it was your own hair. Use good quality shampoo and conditioning products conditioning our hair is very important to keep it soft and manageable, so use leave in conditioners. You can also use products like gel and hair spray to keep the curls in place, but make sure to wash your Brazilian hair and not leave in these products in for a long time.

Q3 How many pieces human hair weft do I need?

For average head size, here is my suggestion:

12"-14": 2 bundles

16"-22": 3 bundles

24"-28": 4 bundles or more

And if use with a top closure, will look much perfect.

Q4 Why does my human hair shed badly?

Generally, the hair weft doesn't shed. You can check it before you install. But some hair maybe shed after you install, you will ask why. First, some person like narrow-toothed comb, if you don't comb your hair gently, it will shed easily. Second, if you cut the weft many times when you install the hair, the hair will shed easily from the place where you cut, you'd better put some glue in the cut edge.
