F A Q

Q1. How many hair extensions Do I Need for one head?

A : For average head size, here is my suggestion:
 12"-14": 3 bundles; 16"-22": 3 bundles; 24"-28": 4 bundles or more.

Q2. What type of hair care products should I use?

A : Treat this hair just as if your own hair
 1. Use good quality shampoo and hair conditioner for hair. It's important to keep the hair soft and shiny.
 2. You could use gel or spray styling products to keep the hair style
 3. Olive oil will be a good choice to keep the hair healthy.

Q3. How long does it last?

A : It depends on how you to care it. Treat it like your own hair and take very good care for it, then normally it could last several years. Some people keep it for 4-5 years, but some just keep it half of one year.

Q4: Can they be straightened & curled?

A: Yes.
 You could use hair straightener or hair curler to style the virgin hair . However, don't do it too frequently, or the heat will make the hair easily get dry and tangled.

Q5: Can I dye/color the hair?

A. Yes.
 The hair can be colored. As a general rule, it is easier to dark the hair than to lighten the hair. We recommend to dye dark color, since it is difficult for the original color to be bleached. Improper dying will ruin the hair. We highly recommend you to ask hairdresser to dye the extensions then you will get the results you want, if dye them yourself, maybe you have to bear a bad effect. If you can't get to a salon, please use good hair dye and test a small sample firstly.
