How to wish and care the hairs?

- 1) Wash the hair every 3-5 days with warm water around 40 degrees Celsius. Use always professional products.
- 2) Dry your hair with a good towel, do not roll the hair into the towel. Air drying will be recommended.
- 3) Comb with a WIRE brush after drying.
- 4) For the wavy and curly, use some hair gel to help holding the texture after washing. And it's preferable to do it with fingers.
- 5) Avoid overuse of hot curlers and flat-irons which will shorten the life of hair. When perming or dyeing the hair, use some nutrition water or a protectant.
- 6) Do not expose the hair to the sun for a long time.
